

Gamma Sigma Epsilon Application Form

Instructions

Please fill out the form on the following page and submit it by **4:45 PM, Friday February 10th**. Applications can be submitted via Email to Dr. Kevin Shaughnessy (kshaughn@ua.edu) or the hard copy can be turned in to Ms. Amy Ryan in the Chemistry Department office (2004 SHLB)

Admission requirements: Candidates for admission to GSE should be chemistry majors or minors or Chemical Engineering majors and **meet one of the following requirements** as described in the GSE constitution:

Candidates for membership in the Chapter will have met the following requirements:

- have completed at least 14 hours of chemistry courses at UA (e.g., CH 101/102 (or CH 117/118), CH 231, and CH 232 or CH 223), by the end of the spring semester. AP credit for CH 101/102 can be used as part of the 14 hours of chemistry courses.
- have a minimum grade point average of 3.3 in all chemistry courses and an overall GPA of at least 3.3.

Transfer students shall be eligible for membership after one semester at The University of Alabama in which they have taken at least one chemistry course, if they also meet the requirements for membership in part 1.

or

Students who are rising seniors or above whose academic record in chemistry is satisfactory for the preceding year and who have made a significant contribution to the department (i.e., research, service, etc), but whose overall scholastic average is slightly below that required for membership, may also be elected to membership.

Part I:

Please provide your local contact information, including preferred Email address and phone number, as well as your permanent address (i.e. parents address). Your permanent address will be used to register you with the national GSE office.

Part II:

Please provide the grades earned in all chemistry courses taken. If you took the course at another school, provide grades for the UA equivalent.

Write "enrolled" for any chemistry courses you are taking this semester.

If you are applying with a GPA below 3.3 as described above, please provide a short statement of your contributions to the chemistry department or the field of chemistry, such as involvement in research, departmental service, or other activities.

The initiation fee is \$50 (\$40 national, \$10 local), with a \$10 membership fee to remain an active member in subsequent years. **Do not include the initiation fee with this application.** Once you have been elected for induction, you will be contacted with instructions for completing your application and paying the membership fee.
