<sup>F</sup> Course taught in fall only. <sup>S</sup> Course taught in spring only. <sup>W</sup> Writing course

<sup>1</sup> Prehealth students must take the freshman biology sequence. Non-prehealth students can take other elective courses. <sup>2</sup> Prehealth students are advised to take CH 461 in the junior year to be ready for MCAT in spring of Junior year.

Elective courses include general education requirements (36 hours FC, FL/C, HU/L/FA; and HI/SB), minor(s) (optional), undergraduate research (CH 396, 398, 399), or other elective courses you choose. The chemistry major will fulfill your writing credit.

A total of 120 hours is required to graduate. A total of 36 300-400 level courses must be taken. You will get 21 upper level hours in the chemistry major with required courses.
