${ }^{\text {F }}$ Course taught in fall only. ${ }^{\text {s }}$ Course taught in spring only. ${ }^{\text {w }}$ Writing course
${ }^{1}$ Prehealth students must take the freshman biology sequence. Non-prehealth students can take other elective courses. ${ }^{2}$ Prehealth students are advised to take CH 461 in the junior year to be ready for MCAT in spring of Junior year. CH 462 and 463 can be taken in Junior or Senior year.

Elective courses include general education requirements ( 36 hours $\mathrm{FC}, \mathrm{FL} / \mathrm{C}, \mathrm{HU} / \mathrm{L} / \mathrm{FA}$; and $\mathrm{HI} / \mathrm{SB}$ ), minor(s) (optional), undergraduate research (CH 396, 398, 399), or other elective courses you choose. The chemistry major will fulfill your writing credit.

A total of 120 hours is required to graduate. A total of $36300-400$ level courses must be taken. You will get 23 upper level hours in the chemistry major with required courses.
